Incredible Pizza

# Home School Days!

*Serious Learning in a FUN Environment!*

We'll have a new topic & event every other month during the school year!

*Each event features a different educational topic especially for home school families.*

Incredible Pizza's Home School event is not an excuse to get out of school work, it's a reason to come and learn in a FUN environment. We offer a different topic each time and have a special speaker, worksheets, art and craft projects with a hands on approach to learning.
